

2016 SC Bishops' Dialogue on Public Education

our call to education

Keynote speaker:
Dr. Freeman Hrabowski,
President, University of MD
Baltimore County

In my opinion, Dr. Freeman Hrabowski is the best leader in higher education in the country right now. He is committed to transforming lives through the power of education, especially for students from underrepresented groups. As a personal mentor and friend to me for more than 25 years, his guidance has been invaluable along my career path in education. I know that he will bring a wealth of knowledge and a unique perspective to this dialogue about public education in South Carolina.
